

Employee Health

In life, the better we feel, the better we do. Why not take that same element into the workplace. Wellside Health can provide your employees, tenants, small business and more with quality healthcare as a benefit.

Providing access to care without compromising quality, your team members or employees can gain the benefit of a board certified provider at their fingertips.

Benefit to Employee:

- Ability to see a provider and book appointments
- Convenience of telehealth and virtual visits
- Provider for family (if applicable)
- Free or discounted health visits as a valued employee
- Peace of mind on the job and as a team member

Value to Company:

- Added value and differentiator for your company
- Smaller cost than insurance for entire team
- Retention of quality team members
- Productivity boost and more quality time on the job for employees
